PARENTS WANT SCHOOL DANCES

Peres Hopes for Higher Tax Rate Which Will Pay Teachers.

Monday night's session of the board of education passed to be one of the most important in recent months. Questions affecting the school tax, dancing in the city schools, and proposed bond issue of \$500,000 and several other reports will be thrashed out as far as possible tonight.

A committee of four from the Federation of Parent-Teacher associations will appear in answer to the board's question as to the propriety of a \$500,000 bond issue for improvements in the schools along sanitary and fire hazard lines, as well as new rooms. Mrs. Bernice Harris will head this committee.

A drafted letter from the same federation will be presented to the board in answer to the resolutions adopted last week by the Protestant Pastors' association condemning dancing in the schools. This is the culmination of a dance at C. L. S. recently, of which serious charges were made, but later retracted.

Superintendent W. S. Jones has ready his monthly report, showing the conditions of school attendance. Monday that as a result of a conference Saturday with Senator Frank Fuller and Mayor Monteverde, a school tax bill making the local tax 50 cents is a certainty in the present legislature, and probably before the end of the present week. This is an increase of 11 cents over the old tax, and, according to Peres, will provide for the increase in teachers' salaries and enough money to pay off some debts of the board.

The \$500,000 bond issue, or one large enough to take care of necessary improvements in the schools, will not be taken to the legislature until the other bill is passed.

The report of the Rotary club school committee, named to investigate reports of the Parent-Teacher associations that city schools are in a sad plight from want of repairs, will not be heard Monday night. The report of the committee will be made to the Rotary club at its luncheon Tuesday at noon, hence cannot be brought before the school board before the next board meeting, which will be two weeks from Monday night.

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my testimonial to publish this letter."

Miss Lydia E. Kelly, 428 S. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal, healthy condition and as a result her nervousness disappeared.

MISSING NURSE IS SOUGHT IN MEMPHIS

Authorities of Chicago Monday sent a telegram to The News-Scimitar seeking information relative to a nurse, supposed to be sent to Mrs. William Concklin, 266 East Carolina street, by Mrs. Dollie Chester, a Chicago nurse whose disappearance has baffled police there.

Mrs. Chester, aged 27, disappeared while out walking in Chicago early last week, leaving no clue. Advice from that city indicates she was a nurse of clothing for you to do some sewing for me."

Mrs. Concklin is unmarried and Mrs. Chester's whereabouts and she has received no such word nor the suitcase either. Mrs. Concklin was an intimate friend of the nurse, who called her "second mother."

Mrs. Concklin has appealed to The News-Scimitar to attempt to throw some light on the nurse's disappearance. She fears foul play, because the nurse was noted for wearing diamonds, among them a 400 cluster ring. Police in Memphis are looking for the suitcase supposed to have been sent Mrs. Concklin, and will open it for any possible clue in case it arrives.

BURN WILSON IN EFFIGY; OTHERS TO HONOR HIM

Sunday the suffragists, or suffragettes of the militant type, burned President Woodrow Wilson in effigy in the national capital. The members of the Women's Equal Suffrage league (the conservative type), or a committee from the league, will appear before the city commission and ask that an ordinance be passed changing the name of the park to Woodrow Wilson park in honor of President Wilson for his efforts to have national women's suffrage made a law of the land.

The name league some time back sought to have Union Avenue changed to Woodrow Wilson avenue, but residents of that avenue raised such a storm of protest that the league withdrew its petition.

REPORT IS DELAYED ON COTTON ACREAGE PLANS

Although the program for Saturday's meeting in the interest of reducing cotton acreage and increasing the production of food and feed crops has been agreed on, the committee having the matter in charge is not quite ready to make final announcement. The exact place for the meeting is also uncertain and will probably be announced after the Tuesday meeting of the committee.

The movement apparently is gaining strength and advice from all directions indicate that it is being taken seriously. The interest of those who are planning to make the movement is gaining in faith to its success are relying on restriction of credits being the most effective step to be taken. It is in this direction that the movement is gaining its chief impetus and bankers and merchants are giving it their hearty cooperation.

The laying of emphasis on the fact that planters who disregard the interests of their neighbors and take advantage of those who intend to reduce acreage will be considered "slackers," is also appealing to many. The ignorance attached to this word during the war when common interest is perhaps greater than ever before, is expected to exert much psychological effect in discouraging a tendency to play traitor in a move which will affect the welfare of the whole or set of men, but the center South.

HOUSTON ASKS STATES TO ENACT DOG LAWS

WASHINGTON, Feb. 10. (Sp.)—The enactment of more adequate state laws to control sheep-killing dogs is urged by Secretary Houston in a letter just sent to the governors of 30 states. Farmers, he says, are discouraged in many instances from keeping sheep on account of the danger of damage by dogs. The letters were sent to the governors of Arkansas, Delaware, Florida, Georgia, Indiana, Iowa, Kansas, Louisiana, Maryland, Minnesota, Mississippi, Missouri, New Hampshire, North Carolina, Oklahoma, South Carolina, Tennessee, Virginia, West Virginia and Wisconsin, where state legislatures are now in session.
